MODEL 40EX

The Model 40EX is the Model 40 needlegun with an extended reach handle. It has all the great features of the standard Model 40 needlegun with a long handle enabling operation from a standing position. This ergonomic design of low vibration and extended reach make this needlegun a first choice for vertical applications. Plus, the back-saver and knee-saver features reduce operator fatigue and boost productivity.

Features

- Ability to access overhead areas and lower hard to reach corners.
- Optional handle lengths offered to fit your application; 3 or 5 feet.
- Air actuation lever located at top of pole.
- Hand grip at center of tool for greater control.
